## Introducing to Tropical North Queensland 3G Wireless Options

- 3G/HSPA 2100MHz
- 3G/HSPA 900MHz
- GSM/GPRS On Street
- GSM/GPRS Car Kit
- Future GSM/GPRS Coverage

Check coverage to a street level at <http://3gmaps.regionalconnect.com.au>

We offer byo plans for customer with their own 3g devices

Pay by the month or pay by the hour we have the plan for you

*However as with any network based on radio technology, handset quality or local conditions may prevent or interfere with mobile reception within coverage areas - e.g., inside concrete buildings, lift wells, basements, tunnels and road cuttings. High rise buildings may also suffer degradation of service and these maps are not an indication of in-building coverage.*

# Meet our 3G Wireless Device

We are currently offering the E169 which is a new low-cost stick from Huawei. The E169 does include a MicroSD slot, allowing you to use the modem as a memory stick.
